

Cultural Competency

Duration: 1.5hrs

Please note: there will be no food provided at this training.

The ***Cultural Competency*** training was developed as part of the new Court Officer training curriculum, yet can also be facilitated as a stand-alone program.

In this training, participants gain understanding about

- ◆ How they can speak about their own personal cultures , and learn more about the culture and identity of others
- ◆ What it means, and how to practice, being culturally competent
- ◆ To be aware of possible unconscious or implicit biases they may have
- ◆ How and why different individuals may respond to certain situations
- ◆ What it means and looks like to be culturally responsive
- ◆ Building awareness of how their own cultures can be both similar and distinct from others
- ◆ Upholding respect for all who walk through Court doors, regardless of identity.

In preparation of facilitating this training for your office/group, ODEIE offers the opportunity to incorporate programmatic revisions that would allow for the training to be more tailored to specific areas of focus.
