

**2021 TRIAL COURT LEADERSHIP CONFERENCE**  
**Massachusetts Continuing Legal Education Center**  
**Omni Parker House Hotel**

**National Association for Presiding Judges and Court Executive Officers**  
***“Leading with Trust and Collaboration in a Post-COVID World”***

**AUGUST 22–25, 2021**

This three-day conference focuses on leadership, management, team-building and key issues confronting trial court leaders and their leadership teams, whether they serve in unified, general or limited jurisdiction courts. Participants will spend the first day in an interactive **Leadership Academy** led by leadership experts affiliated with Harvard University on how to build positive, productive, trusting and collaborative relationships within complex judicial environments. Trust and collaboration are not only values instilled in a person or group but learned skills that can be taught. The second and third days will include over 20-hours of both **Plenary Sessions and Workshops** on subjects court leaders need to know and address as their courts and justice systems rebound from a series of tumultuous challenges caused by COVID-19, racism, case backlogs, and attacks on the rule of law. Join us either in-person or online virtually. All CDC guidelines at the time of the in-person Conference will be strictly followed. The safety and wellbeing of all is our utmost priority.
